*"An Equal Opportunity
Affirmative Action Employer"*

March 25, 2024

Dear Industry Stakeholders:

On March 12, 2024, the Board of County Commissioners (BCC) adopted the amended Equal Business Opportunity (EBO) Ordinance to increase the gross revenue size standards for small business enterprises (SBE). The new standards are as follows:

- Construction: \$13 million
- CCNA Professional Services: \$7 million
- Non-CCNA Professional Services: \$5.7 million
- Goods: \$7 million
- Other Services: \$5.7 million

In addition, SBEs that graduate while working on a contract with a Small, Minority and/or Women Business participation goal will count towards the established goal for the life of the contract and until the contract ends.

The amendment is effective and applications may now be submitted. If your annual revenue, averaged over the past three (3) years, does not exceed the newly revised size standards, you are eligible to apply for certification.

Applications for certification may take up to ninety (90) business days to review and may be expedited to a twenty (20) business day review for a \$300.00 fee. You can find instructions to submit your electronic application on the EBO website under the Documents tab.

I have attached a copy of the EBO Ordinance Amendment for your convenience. If you have questions, please contact your former EBO Specialist or our office at 561-616-6840.

Sincerely,

Tonya Davis Johnson, Director
