SECTION I: GENERAL INFORMATION

INTRODUCTION

Palm Beach County (PBC) Board of County Commissioners (BCC) Community Services Department (CSD), Division of Human Services and Community Action, hereinafter referred to as the “HSCA” or “COLLABORATIVE APPLICANT,” invites proposals from qualified entities, hereinafter referred to as “NEW PROJECT APPLICANTS,” to submit U.S. Department of Housing and Urban Development (HUD) Continuum of Care (CoC) Program Competition applications for the entities’ projects to serve homeless individuals, families, and youth in PBC.

BACKGROUND

Each year, HUD issues a CoC Program Competition Notice of Funding Opportunity (NOFO) to inform CoCs nationwide about the federal government's funds designated to support local homeless programs in each community, including the maximum amount each community is anticipated to receive.

The CoC Program Competition is intended to support efforts by nonprofit organizations and state and local governments to rehouse homeless individuals and families quickly. It includes those fleeing domestic violence, dating violence, sexual assault, and stalking, in addition to youth and young adults, while minimizing the trauma and upheaval caused by homelessness. It also supports access to and effective utilization of mainstream programs by those experiencing homelessness.

The CoC Program is authorized by Part C of title IV of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11381–11389) (The Act), and the CoC Program rule found in 24 CFR Part 578 (the Rule).

The FL-605-Palm Beach County's (PBCs) CoC, locally known as the Homeless & Housing Alliance (HHA), released this NOFO on August 8, 2022, in response to the FY 2022 CoC Program Competition NOFO announcement that HUD released on August 1, 2022. The NOFO is being made public to ensure that the HHA and the COLLABORATIVE APPLICANT fulfill all requirements and deadlines for the CoC Program Competition.

There are three components to the CoC Program Competition; The CoC Consolidated Application, the Project Application, and the CoC Priority Listing of the project applications. New Projects are first submitted to the COLLABORATIVE APPLICANT as part of the local competition. The projects are rated and ranked by a Non Conflict Grant (NCG) Review Committee and are then submitted to HUD in the CoC Consolidated Application following the HHA’s approval of the application and/or reallocation of the funds, which is based on performance data and community needs. This information is submitted to HUD by the project applicants as part of the Project Application component. The COLLABORATIVE APPLICANT is responsible for submitting the CoC Consolidated Application and the CoC Priority Listing to HUD.

This NOFO provides guidance for NEW PROJECT APPLICANTS to submit their applications to the HHA and then to HUD. Project applicants will be funded directly by HUD, and the COLLABORATIVE APPLICANT will administer the program, including the local rating and ranking process and the programmatic and fiscal monitoring of the project.

ELIGIBILITY

Qualified entities submitting project applications for HUD CoC Program Competition funding must meet all statutory and regulatory requirements of The Act and 24 CFR Part 578 unless HUD approves a waiver to a provision in 24 CFR Part 578. NEW PROJECT APPLICANTS can obtain a copy of The Act and 24 CFR Part 578 on the HUD Exchange website.

NEW PROJECT APPLICANTS can be nonprofit organizations, states, local governments, and instrumentalities of state and local governments. For-profit entities are not eligible to apply for grants or subrecipients of grant funds, and all subrecipients must also meet the eligibility standards described above.

NEW PROJECT APPLICANTS must:

- Hold current and valid 501(c)(3) status as determined by the Internal Revenue Service if a nonprofit organization.
- Be chartered or registered with the Florida Department of State, have been incorporated for at least one agency fiscal year, and have provided services for at least six (6) months.
- Create a Vendor Registration Account OR activate an existing Vendor Registration Account through Palm Beach County Purchasing Department's Vendor Self Service (VSS) system, which can be accessed at <https://pbcvssp.co.palm-beach.fl.us/webapp/vssp/AltSelfService>. If NEW PROJECT APPLICANTS intends to use subrecipients, NEW PROJECT APPLICANTS must also ensure that all subrecipients are registered as agencies in VSS.
- Demonstrate accountability by submitting acceptable financial audits performed by an independent auditor.

COC PROGRAM COMPETITION

The COLLABORATIVE APPLICANT is accepting one-year project applications for the CoC Program Competition for the 2023 – 2024 Program Year. NEW PROJECT APPLICANTS will apply directly to HUD after submitting the project application to the COLLABORATIVE APPLICANT for rating, ranking, and HHA approval. HSCA will administer the application process and monitor the programs on HUD's behalf. In 2021, \$394,741 was available for one-year projects, and it is estimated that HUD will provide a comparable amount for 2022.

NEW PROJECT APPLICANTS can apply for project types, including permanent supportive housing (PSH), rapid rehousing (RRH), and joint TH – RRH. See [SECTION VII: COC DEFINITIONS AND CONCEPTS](#). Project applications must be specific to the project type and must be consistent with *Leading the Way Home: Palm Beach County's Plan to End the Cycle of Homelessness*, which can be found at: <http://thehomelessplan.org/ourgoals/endhomelessness.htm>

SECTION II: PROPOSAL SUBMISSION

The CoC Program Competition project application process is a three (3)-step process.

Step 1: Once the eSnaps portal is available, NEW PROJECT APPLICANTS are invited to complete their project applications, print the applications to PDF, and submit the application through eSnaps to the COLLABORATIVE APPLICANT by the project application deadline date.

NOTE: The HHA NCG Review Committee shall review project applications to rate and rank the projects; final

submission to HUD is not required at this time.

Step 2: NEW PROJECT APPLICANTS shall submit the PDF copies of their project application to HSCA, along with required local application materials and match documentation through the CSD NOFO submission website, located at <https://pbcc.samis.io/go/nofo/>. All documents in the local application package must be submitted by the deadline date per application instructions.

- Late applications will not be accepted.
- The NCG Review Committee cannot cure incomplete applications. If an application is incomplete, the application will not move forward in the rating and ranking process.

NEW PROJECT APPLICANTS must submit one (1) project application package for each project to be considered for funding.

Step 3: Once project applications are rated and ranked by the NCG Review Committee, HSCA has recommended updates and returned their applications via eSnaps. PROJECT APPLICANTS will update and submit their project applications directly to HUD by the local deadline. See CoC Program Competition Local Project Application Timeline in [SECTION II, SCHEDULE OF EVENTS](#) of this NOFO.

Funding requires that all clients served be entered and exited in CMIS during the applicable program year. Provisions are in place within CMIS to protect client confidentiality yet still report statistical data. Domestic Violence Agencies are exempt from this requirement and will be required to enter into CSD's Services and Activities Management Information System (SAMIS).

9. Participate in Annual Point in Time (PIT) Count:

The PIT Count is an annual count of those experiencing homelessness in Palm Beach County on the streets and in shelters. The PIT Count is a community-wide undertaking requiring many volunteers and coordination to count all the unsheltered homeless throughout the county accurately. HUD CoC Program Competition recipients must assign staff volunteers in outreach teams or fixed locations to help complete surveys with homeless individuals.

10. Participate in the Annual Housing Inventory Chart (HIC):

The Homeless Inventory Chart (HIC) is a required report by HUD that counts every bed available (Permanent Supportive Housing, Hotel/Motel, Emergency Shelter, Transitional Housing, and Safe Haven) in the CoC. The HSCA completes it with input from every agency in the CoC. All HUD CoC Program Competition agencies will require reporting for the HIC.

11. Compliance with Violence Against Women Act (VAWA) Rule:

- Permanent Housing (PH): Including Rapid Rehousing (RRH) and Permanent Supportive Housing (PSH))
- Transitional Housing (TH): HHA does not support funding TH projects through the CoC Program Competition.
- Supportive Services Only (SSO) – Coordinated Entry (CE) HHA does not support funding SSO projects through the CoC Program Competition.

PH-RRH, Joint TH, and PH-RRH component, TH, and SSO projects shall serve persons who qualify as homeless under paragraphs (1), (2), or (4) of 24 CFR § 578.3. Additionally, these projects shall serve persons who qualify as homeless under paragraph (3) of 24 CFR § 578.3 if the CoC is approved to serve persons in paragraph (3).

The following types of project applications will be eligible for submission under the CoC Local New Program Competition:

- New Projects Created Through Reallocation or CoC Bonus Projects (NEW PROJECT APPLICANTS)
- New Projects for DV Bonus (NEW PROJECT APPLICANTS)

As the local CoC, HHA is tasked with ending homelessness in Palm Beach County. To meet the HUD CoC Program Competition scoring criteria, as well as to increase the scoring capacity for NEW PROJECT APPLICANTS, HHA, including the COLLABORATIVE APPLICANT and the NEW PROJECT APPLICANTS, is required to address HUD's policy priorities of:

- **Ending homelessness for all persons** by using local data to serve everyone experiencing homelessness in PBC; taking into account the difficulties faced by subpopulations, such as veterans, youth, families, and those who are chronically homeless; conducting outreach, and identifying characteristics of and customizing housing and services to those who have the greatest need and the longest history of homelessness.
- **Creating a systemic response to homelessness** by using system performance measures to determine how effectively they are serving people experiencing homelessness; using a coordinated entry process to promote choice, coordinate homeless assistance and mainstream housing, and services to ensure people experiencing homelessness receive assistance quickly, and make homelessness assistance open, inclusive and transparent.
- **Developing partnerships** with housing and service providers specializing in mental illness, substance abuse, employment, and related activities to help program participants achieve self-sufficiency. Strategically allocating and using resources by using data to improve resource utilization, program quality, performance, and cost-effectiveness and using an evidence-based approach using data and evidence to evaluate local programs' impact and cost-effectiveness.

- **Increasing employment** by working with local employment agencies and employers to prioritize training and employment opportunities and creating partnerships with private and public organizations to promote employment.
- **Providing Flexibility for Housing First with Service Participation Requirements** by ensuring a Housing First model to stabilize program participants and then allowing for service requirements to promote essential outcomes, such as increased salary, sobriety, employment, and social connections, that do not compromise housing stability.

NEW PROJECT APPLICANTS shall review and comply with the 2022 CoC Program Competition Notice of Funding Availability (NOFO). In addition, NEW PROJECT APPLICANTS projects shall align with Palm Beach County’s homeless plan, *Leading the Way Home: Palm Beach County’s Plan to End the Cycle of Homelessness*.

SECTION VI: 2022 LOCAL NEW PROJECTS REVIEW PROCESS

While the HHA must review and approve all decisions regarding the PBC CoC Program Competition project review process, CSD values community input and discussion regarding all aspects of the CoC. The HSCA will make every effort to promptly inform the community through email and its website if the CoC Program Competition NOFO guidelines or policy directives change and impact the scoring process.

- If renewal project applicants are predetermined not to meet the current HHA threshold, the HHA Governance

Board will determine if renewal projects are to be reallocated to create new projects.

- HSCA collects and reviews Annual Performance Reviews (APRs) or equivalent, Data Quality Reports or equivalent, and supplemental information, as needed, and prepares project evaluations.
- CoC Program Competition NEW PROJECT APPLICANTS are invited to complete their application by the application deadline date on eSnaps once the portal is available. Note that the NCG Review Committee shall review these applications to rate and rank, so final submission to HUD is not required until right before the local HUD project submission deadline.
- CoC Program Competition NEW PROJECT APPLICANTS shall also submit PDF copies of their project application to HSCA, along with required local application materials and match documentation through the CSD NOFO submission website, located at <https://pbcc.samis.io/go/nofo/>.
- All documents in the local application package shall be submitted by the deadline date per application instructions.
 - Late applications will not be accepted.
 - The NCG Review Committee cannot cure incomplete applications. If an application is incomplete, the application will be scored accordingly
- CoC Program Competition NEW PROJECT APPLICATION NOFOs will be emailed to the HHA listserve and announced at the monthly HHA meeting.
- HSCA will offer a Technical Assistance Meeting to NEW PROJECT APPLICANTS.
- HSCA shall recruit NCG Review Committee members, prioritizing members who have served on the Committee in the past or who have other relevant experience and are approved by the HHA Governance Board. NCG Review Committee members shall sign a “conflict of interest” form.
- HSCA shall review submitted applications and determine whether projects meet local and HUD threshold requirements.
- As appropriate, NCG Review Committee members shall be trained and receive submitted applications. Committee members shall review, but not score, applications before Scoring Meeting.
- NCG Review Committee shall meet during the Scoring Meeting to review and discuss project applications and finalize individual project scores. NCG Review Committee scores are added, and applications are ranked and placed into either Tier 1 or Tier 2.
 - If the HUD tier rules allow for projects to “straddle” the tiers, i.e., to fall partially in Tier 1 and Tier 2, the top-scoring non-CMIS, non-Coordinated Entry project in Tier 2 shall be moved to straddle the tiers.
 - New projects shall be scored and ranked based on the New Project Scoring Tool.
 - HHA prioritizes projects with established track records in enhancing system performance. New projects must promote system performance by increasing housing stability, preventing homelessness returns, and shortening homelessness episodes.
- Preliminary scoring results are delivered to applicants with a reminder about the appeals process.
- Appeals, if any, shall be reviewed by the HHA Appeals Committee.
- HHA Governance Board shall meet to consider and approve a final recommended CoC Program Competition ranked funding list. Any renewal project that does not apply for funding or is identified by the NCG Review Committee as in need of reallocation, that funding shall be reallocated to a new project.
- All project documents shall be submitted electronically through eSnaps for HUD final review a week before the local HUD submission deadline date per application instructions.
- **The HHA Governance Board’s final recommended CoC Program ranked funding list shall be presented to the Palm Beach County Board of County Commissioners (BCC) for final approval.**
- If funding becomes available after approval of the final ranked list, through reallocation or budget corrections, the HHA Governance Board shall offer the excess funding to new project applicants in order of project ranking.
- NEW PROJECT APPLICANTS shall submit copies of letters or documentation for all match resources listed

- in their application.
- Applications are submitted along with the COLLABORATIVE APPLICANT’s application to HUD.

The process is welcoming to persons with disabilities, persons who have experienced homelessness, and persons with limited English proficiency. If you need any accommodations for the NCG Review Committee Meeting, please contact CSD by email at CSD-COCNOFO@PBCGOV.ORG or by phone at 561.355-4779.

SECTION VIII: COC DEFINITIONS AND CONCEPTS

Annual Renewal Amount (ARA) – The amount that a grant can be awarded on an annual basis when renewed. It includes funds only for those eligible activities (operating, supportive services, leasing, rental assistance, CMIS, and administration) that were funded in the original grant (or the original grant as amended), less the unrenewable activities (acquisition, new construction, rehabilitation and any administrative costs related to these activities).

Annual Renewal Demand (ARD) – (24 CFR § 578.17(b)(2)) The total amount of all the CoCs projects that will be eligible for renewal in the 2020 CoC Program Competition, before any required adjustments to funding for leasing,

rental assistance and operating budget line items based on FMR changes. The ARD will be calculated by combining the total amount of funds requested by eligible renewal projects on the Renewal Project Listing and the combined eligible renewal project amount(s) that were reallocated.

Applicant – an eligible applicant that the CoC has designated to apply for assistance under this part on behalf of that CoC.

Assurances – By submitting your application, you assure that, if selected to receive an award, you will comply with U.S. statutory and public policy requirements, including but not limited to civil rights requirements.

Authorized Organization Representative (AOR) - Person authorized to submit applications on behalf of the organization via Grants.gov. The AOR is authorized by the E-Biz point of contact in the System for Award Management. The AOR is listed in item 21 on the SF-424.

Award – As used in this NOFO means a federal grant.

Beds Dedicated to Chronically Homeless Individuals and Families – A permanent supportive housing bed explicitly dedicated for use by chronically homeless individuals and families within a CoC’s geographic area, as reported in the CoC’s HIC and the 2022 permanent housing project applications. When a program participant exits the project, the bed must be filled by another chronically homeless participant unless there are no chronically homeless persons located within the CoC’s geographic area. This concept only applies to permanent supportive housing projects.

Centralized or Coordinated Assessment System – A centralized or coordinated process designed to coordinate program participant intake assessment and provision of referrals. A centralized or coordinated assessment system covers the geographic area, is easily accessed by individuals and families seeking housing or services, is well advertised, and includes a comprehensive and standardized assessment tool.

Chronically Homeless –

- A “homeless individual with a disability,” as defined in section 401(9) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. § 11360(9)), who:
 - Lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and
 - Has been homeless and living as described above continuously for at least 12 months or on at least four separate occasions in the last three years, as long as the combined occasions equal at least 12 months and each break in homelessness separating the events included at least seven consecutive nights of not living as described above. Stays in institutional care facilities for fewer than 90 days will not constitute a break in homelessness, but instead, such stays are included in the 12-month total, as long as the individual was living or residing in a place not meant for human habitation, a safe haven or an emergency shelter immediately before entering the institutional care facility;
- An individual who has been residing in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital, or other similar facilities, for fewer than 90 days and met all of the criteria above before entering that facility; or
- A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria above, including a family whose composition has fluctuated while the head of household has been homeless.

Client Management Information System (CMIS) – The information system designated by the CoC to comply with the CMIS requirements prescribed by HUD.

CoC Bonus Project – A CoC can apply for up to 5 percent of its Final Pro Rata Need (FPRN) or 25 percent of the CoC's Preliminary Pro Rata Need (PPRN) minus its ARD, whichever is greater. New projects created through the CoC Bonus must meet the project eligibility and quality threshold requirements established by HUD in Sections V.C.3.b and V.C.3.c of the 2019 HUD CoC Program Competition NOFO, subject to change with the release of the 2022 HUD CoC Program Competition NOFO. To be eligible for a bonus project, a CoC must demonstrate that it ranks projects based on how they improve system performance as outlined in Section VII.B.1.a of the 2019 HUD CoC Program Competition NOFO. This definition is subject to change based on the requirements of the 2022 HUD CoC Program Competition NOFO upon its release.

Collaborative Applicant – The eligible entity that the CoC has designated during the 2022 CoC Program Registration Process to apply for a grant on behalf of the CoC. The Collaborative Applicant must be the "Applicant" for each community applying for participation in the competition. In cases where the CoC needed to change the Collaborative Applicant and that change was approved after this NOFO was published but before the deadline for submissions, that approved replacement Collaborative Applicant is the eligible applicant for this NOFO.

Consolidation – The process by which two or more projects eligible for renewal in the CoC Program Competition apply for funding and are combined into a single renewal project upon award. See Sections II.B.4, V.B.2.b.(2) and V.B.3.a.(4) of 2019 HUD CoC Program Competition NOFO for additional information. This definition is subject to change based on the requirements of the 2022 HUD CoC Program Competition NOFO upon its release.

Consolidated Plan is a document developed by states and local jurisdictions. This plan is completed by engaging in a participatory process to assess their affordable housing and community development needs and market conditions and to make data-driven, place-based investment decisions with funding from formula grant programs. (See 24 CFR Part 91 for more information about the Consolidated Plan and related Annual Action Plan).

Consolidated Plan Certification – The standard form, Certification of Consistency with the Consolidated Plan (form HUD-2991), in which a state or local official certifies that the proposed activities or projects are consistent with the jurisdiction's Consolidated Plan and if the project applicant is a state or unit of local government, that the jurisdiction is following its Consolidated Plan per the requirement of 24 CFR Part 91. All project applications submitted by the Collaborative Applicant must be included in the certification either by submitting one appropriately signed and dated HUD-2991 for each project or a single signed and dated HUD-2991 from the jurisdiction that includes a listing of all project applications. If applicable, the CoC planning, UFA Costs, and renewal CoC projects must be included.

Continuum of Care (CoC) – The group is organized to carry out the responsibilities required under 24 CFR Part 578, and that is composed of representatives of organizations, including nonprofit homeless providers, victim service providers, faith-based organizations, governments, businesses, advocates, public housing agencies, school districts, social service providers, mental health agencies, hospitals, universities, affordable housing providers, law enforcement, organizations that serve homeless and formerly homeless veterans, and homeless and formerly homeless persons to the extent these groups are represented within the geographic area and are available to participate.

Continuum of Care Merger – A process where two or more CoCs voluntarily agree to merge the entire geographic areas of all CoCs into one larger CoC. HUD strongly encourages CoCs that struggle with the capacity to combine with a neighboring CoC or Balance of State CoC during each fiscal year's CoC Program Registration process. To encourage CoC mergers and mitigate the potential adverse scoring implications that may occur when a high-performing CoC merges with one or lower-performing CoC(s), HUD will award up to 25 bonus points to CoCs first registered as a merged CoC during the 2020 or 2022 CoC Program Registration process. The minimum number of points awarded

will be 5, with the maximum points awarded up to 25. To be eligible for these points, the merged CoC must contain all the geographic areas previously included in two or more CoCs that applied for funding in the 2019 CoC Program Competition. Points will be awarded as follows:

1. Five bonus points to CoCs that merged;
2. Ten bonus points to CoCs where one or more of the merging CoCs had a CoC Application score of 140 points or lower in either the 2018 or 2019 CoC Program Competitions;
3. up to 10 bonus points to CoCs that demonstrate the results of their Point-in-Time (PIT) count reported in the Homelessness Data Exchange (HDX) were adversely affected by changes in methodology that resulted from the merger (e.g., higher numbers of homeless individuals, families, and youth due to the merger process, particularly if one of the CoCs in the merger did not have a reliable PIT count).

Contract – A legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term used in this NOFO does not include a legal instrument, even if the non-Federal entity considers it a contract when the substance of the transaction meets the definition of a Federal award or sub-award (See 2 CFR § 200.22.) Contractor means an entity receiving a contract.

Coordinated Entry – A process developed to ensure that all people experiencing a housing crisis have fair and equal access and are quickly identified, assessed for, referred, and connected to housing and assistance based on their strengths and needs.

DedicatedPLUS Project – A permanent supportive housing project where 100 percent of the beds are dedicated to serving individuals, households with children, and unaccompanied youth that at intake meet one of the following categories:

1. Experiencing chronic homelessness as defined in 24 CFR § 578.3;
2. Residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
3. Residing in a place not meant for human habitation, emergency shelter, or Safe Haven and had been admitted and enrolled in a permanent housing project within the last year but were unable to maintain a housing placement and met the definition of chronic homeless as defined by 24 CFR § 578.3 before entering the project;
4. Residing in transitional housing funded by a Joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR § 578.3;
5. Residing and has resided in a place not meant for human habitation, Safe Haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions, and the individual or head of household meets the definition of 'homeless individual with a disability'; or
6. Receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

Deficiency – Information missing or omitted within a submitted application. Deficiencies typically involve missing documents, information on a form, or some other type of unsatisfied information requirement (e.g., an unsigned form, unchecked box.). Depending on specific criteria, deficiencies may be either curable or non-curable.

Curable Deficiency – Applicants may correct a curable deficiency with timely action. To be curable, the deficiency must:

- Not be a threshold requirement, except for documentation of applicant eligibility;

- Not influence how an applicant is ranked or scored versus other applicants; and
- Be remedied within the time frame specified in the notice of deficiency.
- **Non-Curable Deficiency** – An applicant cannot correct a non-curable deficiency after the submission deadline.

Non-Curable Deficiencies – Deficiencies that, if corrected, would change an applicant’s score or rank versus other applicants. Non-curable deficiencies may result in an application being marked ineligible or adversely affect an application’s score and final determination.

DUNS Number – The nine-digit identification number assigned to a business or organization by Dun & Bradstreet provides a means of identifying business entities on a location-specific basis. Requests for a DUNS number can be made by visiting the Online DUNS Request Portal.

DV Bonus – A project dedicated to survivors of domestic violence, dating violence, or stalking who qualify under paragraph (4) of the definition of homeless at 24 CFR § 578.3. Except as provided in 2022 HUD CoC Program Competition NOFO, a CoC may apply for up to 10 percent of its Preliminary Pro Rata Need (PPRN), or a minimum of \$50,000, whichever is greater, or a maximum of \$5 million, whichever is less, to create DV Bonus projects. This definition is subject to change based on the requirements of the 2022 HUD CoC Program Competition NOFO upon its release.

Eligible Applicant – Private nonprofit organization, state, local government, or state and local government instrumentality.

Eligible Renewal Project – A project under grant agreement by December 31, 2022, with an expiration date in Calendar Year (CY) 2022 (between January 1, 2022, and December 31, 2022).

Equity – See Racial Disparities.

Expansion – The process by which a renewal project applicant submits a new project application to expand its current operations by adding units, beds, persons served, services provided to existing program participants, or in the case of CMIS, increasing the current CMIS activities within the CoC’s geographic area.

Fair Market Rate (FMR) – The Fair Market Rents are published in the Federal Register annually by HUD.

Final Pro Rata Need (FPRN) – The higher PPRN or ARD for the Continuum of Care is the FPRN, which is the base for the maximum award amount for the CoC.

Grants.gov – The website serves as the Federal government’s central portal for searching and applying for federal financial assistance throughout the Federal government. Registration in Grants.gov is required for the submission of applications to prospective agencies.

High Performing Community (HPC) – A Continuum of Care that meets the standards in subpart E of this part and has been designated as a high-performing community by HUD.

Homeless –

1. An individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning:

- a. An individual or family with a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, airport, or camping ground;
 - b. An individual or family living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state, or local government programs for low-income individuals); or
 - c. An individual who is exiting an institution where they resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution;
2. An individual or family who will imminently lose their primary nighttime residence provided that:
 - a. The primary nighttime residence will be lost within 14 days of the date of application for homeless assistance;
 - b. No subsequent residence has been identified; and
 - c. The individual or family lacks the resources or support networks, e.g., family, friends, faith-based or other social networks, needed to obtain other permanent housing;
 3. Unaccompanied youth under 25 years of age, or families with children and youth, who do not otherwise qualify as homeless under this definition, but who:
 - a. Are defined as homeless under section 387 of the Runaway and Homeless Youth Act (42 U.S.C. 5732a), section 637 of the Head Start Act (42 U.S.C. § 9832), section 41403 of the Violence Against Women Act of 1994 (42 U.S.C. § 14043e-2), section 330(h) of the Public Health Service Act (42 U.S.C. 254b(h)), section 3 of the Food and Nutrition Act of 2008 (7 U.S.C. § 2012), section 17(b) of the Child Nutrition Act of 1966 (42 U.S.C. § 1786(b)), or section 725 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. § 11434a);

Can be expected to continue in such status for an extended period because of chronic disabilities; chronic physical health or mental health conditions; substance addiction; histories of domestic violence or childhood abuse (including neglect); the presence of a child or youth with a disability; or two or more barriers to employment, which include the lack of a high school degree or General Education Development (GED), illiteracy, low English proficiency, a history of incarceration or detention for criminal activity, and a history of unstable employment; or
 4. Any individual or family who:
 - a. Is fleeing, or is attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member, including a child, that has either taken place within the individual's or family's primary nighttime residence or has made the individual or family afraid to return to their primary nighttime residence;
 - b. Has no other residence; and
 - c. Lacks the resources or support networks, e.g., family, friends, and faith-based or other social networks, to obtain other permanent housing.

Homelessness and Human Trafficking – HUD is clarifying that persons who are fleeing or attempting to flee human trafficking may qualify as homeless under paragraph (4) of the homeless definition at 24 CFR § 578.3; and, therefore, the individuals may be eligible for certain forms of homeless assistance under the CoC Program, subject to other restrictions that may apply. HUD considers human trafficking, including sex trafficking, to be “other dangerous or

life-threatening conditions that relate to violence against the individual or family member” under paragraph (4) of the definition of homeless at 24 CFR § 578.3.

Homeless Management Information System (HMIS) – Also known as the Client Management Information System (CMIS). The CoC designates the information system to comply with the CMIS requirements prescribed by HUD.

Homeless Management Information Lead (HMIS Lead) – The entity designated by the CoC in accordance with this part to operate the Continuum's CMIS on its behalf.

Housing First – A model of assistance that prioritizes rapid placement and stabilization in permanent housing that does not have service participation requirements or preconditions (such as sobriety or a minimum income threshold). Transitional housing and supportive service only projects are considered to be using a Housing First model for this NOFO if they operate with low barriers, work to move people into permanent housing quickly, do not require participation in supportive services, and, for transitional housing projects, do not require any preconditions for moving into the transitional housing (e.g., sobriety or minimum income threshold).

Housing Inventory Count (HIC) – A complete listing of the CoC's HUD and non-HUD-funded beds dedicated to homeless individuals and families in the CoC's geographic area.

Joint TH and PH-RRH Component Project – The Joint TH and PH-RRH component project combines two existing program components – transitional housing and permanent housing-rapid rehousing – in a single project to serve individuals and families experiencing homelessness.

Non-Dedicated Permanent Supportive Housing Beds – Permanent supportive housing beds within a CoC's geographic area that are not currently classified as dedicated for use by chronically homeless individuals and families or as DedicatedPLUS.

Notice of Funding Availability (NOFO) – A notice published yearly in Grants.gov for HUD's Discretionary Funding Programs. The notice describes the type of funding available on a competitive basis and provides a contact where an application may be submitted, typically up to 60 to 90 days from the date of NOFO publication. Selection will then be based on specific factors and criteria identified within the NOFO.

Notice of Funding Opportunity (NOFO) – An agency's formally issued announcement of the availability of federal or federal pass-through funding through one of its financial assistance programs. The announcement provides eligibility and evaluation criteria, funding preferences and priorities, the submission deadline, and information on obtaining application kits.

Permanent Housing – Community-based housing without a designated length of stay includes permanent supportive housing and rapid rehousing. To be permanent housing, the program participant must be the tenant on a lease for at least one year, renewable for terms that are a minimum of one month long, and is terminable only for cause.

Permanent Supportive Housing (PSH) - permanent housing provides supportive services to assist homeless persons with a disability to live independently.

Personally Identifiable Information (PII) – Information that can be used to distinguish or trace an individual's identity, alone or when combined with other personal or identifying information linked or linkable to a specific individual. The definition of PII is not anchored to any single category of information or technology. Instead, it

requires a case-by-case assessment of the specific risk that an individual can be identified. For more detail, refer to 2 CFR § 200.79.

Point of Contact (POC) – The person who may be contacted with questions about the application submitted by the AOR. The point of contact is listed in item 8F on the SF-424 Application for Federal Assistance Programs, which discretionary grant programs require.

Preliminary Pro Rata Need (PPRN) – The amount of funds a CoC could receive based upon the geographic areas claimed by the CoC and reviewed by HUD during the CoC Program Registration process.

Private Nonprofit Organization – An organization:

- That no part of the net earnings is inured to the benefit of any member, founder, contributor, or individual;
- That has a voluntary board;
- Which has a functioning accounting system that is operated in accordance with generally accepted accounting principles (GAAP) or has designated a fiscal agent that will maintain a functional accounting system for the organization in accordance with GAAP; and
- That practices nondiscrimination in the provision of assistance.

A private nonprofit organization does not include governmental organizations, such as public housing agencies.

Program Participant – An individual (including unaccompanied youth) or family assisted with CoC program funds.

Project – A group of eligible activities, such as CMIS costs, identified as a project in an application to HUD for CoC funds and includes a structure (or structures) that is (are) acquired, rehabilitated, constructed, or leased with assistance provided under this part or with respect to which HUD provides rental assistance or annual payments for operating costs or supportive services under this subtitle.

Project Applicant – An eligible applicant, as defined in section 24 CFR § 578.3 of the CoC Program interim rule, that is designated by the CoC to apply for assistance under the CoC Program Competition and is a private non-profit organization, state, local government, or instrumentality of state and local government.

Racial Disparities – Research has found racial disparities in rates of homelessness. Specifically, blacks and Native American persons experience homelessness at disproportionately higher rates. Efforts to prevent and end homelessness should address racial inequities to achieve positive outcomes for all persons experiencing homelessness (e.g., receiving necessary services and housing to exit homelessness). The CoC must address how the community measures and considers racial inequities and other disparities in the community's risks for and experiences of homelessness, consistent with fair housing and civil rights requirements.

Rapid Rehousing – A type of permanent housing meeting the requirements of 24 CFR § 578.37(a)(1)(ii).

Reallocation – Reallocation is a process that CoCs use to shift funds in whole or part from existing eligible renewal projects to create one or more new projects without decreasing the CoC's ARD.

Recipient – A non-Federal entity receiving an award directly from HUD to carry out an activity under a HUD program.

Seniors: Persons over the age of sixty (60).

Solo Applicants – Per the Act, "A solo applicant may submit an application to the Secretary for a grant under subsection (a) and be awarded such grant on the same basis as such grants are awarded to other applicants based on the criteria described in section 11386a of this title, but only if the Secretary determines that the solo applicant has attempted to participate in the continuum of care process but was not permitted to participate in a reasonable manner.

Standard Form 424 (SF-424) – The government-wide forms required to apply for Federal Assistance Programs are directed by discretionary Federal grants and other financial assistance programs. Applicants for this Federal assistance program must submit all required forms in the SF-424 Family of forms, including SF-424B. For an application under this notice to be complete, the applicant must sign and submit all the necessary documents in the SF-424 Family.

Subaward – An award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the recipient. It does not include payments to a contractor or an individual beneficiary of a Federal program. A subaward may be provided through any legal agreement, including an agreement that the pass-through entity considers a contract. The legal agreement must contain the subrecipient's assurance of compliance with program requirements, including but not limited to nondiscrimination and equal opportunity requirements.

Subrecipient – A non-Federal entity receiving a subaward from a pass-through entity to carry out part of a HUD program but does not include an individual beneficiary of such program. A subrecipient may receive other Federal awards directly from a Federal awarding agency (including HUD).

System for Award Management (SAM) – Located at Sam.gov, the official website of the U.S. Government system that consolidated the capabilities of the Central Contractor Registry (CCR), Excluded Parties List System (EPLS), and the Online Representations and Certifications Application (ORCA). Registration with Sam.gov is required for the submission of applications via Grants.gov. There is no cost to use SAM.

Transitional Housing – Housing, where all program participants have signed a lease or occupancy agreement, the purpose of which is to facilitate the movement of homeless individuals and families into permanent housing within 24 months or more extended period as HUD determines necessary. The program participant must have a lease or occupancy agreement for a term of at least one month that ends in 24 months and cannot be extended.

Threshold Requirement – Threshold requirements are a type of eligibility requirement. Threshold requirements must be met for an application to be reviewed; they are not curable, except for documentation of applicant eligibility.

Transition Grant – A grant to fund a new project to transition an eligible renewal project being eliminated through reallocation from one program component to another eligible new component over one year.

Trauma Informed Care (TIC) Model – An approach that recognizes the widespread impact of trauma and understands potential paths for recovery, recognizes the signs and symptoms of trauma in clients, families, staff, and others involved with the system, and responds by fully integrating knowledge about trauma into policies, procedures, and practices and seeks to resist re-traumatization actively. TIC models generally focus on Safety, Trustworthiness, and Transparency; Peer Support; Collaboration and Mutuality; Empowerment; Voice and Choice; and Cultural, Historical, and Gender Issues.

Unified Funding Agency (UFA) – An eligible applicant selected by the CoC to apply for a grant for the entire Continuum, which can carry out the duties in 24 CFR § 578.11(b) HUD approves and to which HUD awards a grant.

ATTACHMENT 2: SCORECARD FOR COC NEW PROJECTS APPLICATIONS

The Non-Conflict Grant (NCG) Review Committee will use the scorecard to rate the local new project applications for the U.S. Department of Housing and Urban Development (HUD) 2022 Continuum of Care (CoC) Program Competition funding.

The scorecard has five goals:

- Fund organizations that can run effective programs (can manage and administer a HUD-funded program, can operate on a reimbursement basis, have experience servicing this or a similar population)
- Fund projects that reflect the Palm Beach County Housing and Homeless Alliance (HHA), the local CoC, and HUD’s priorities: permanent supportive housing and serving the chronically homeless
- Incentivize agencies to be members in good standing with HHA and actively input data into the HMIS system.
- Ensure that funded projects are being good stewards of HUD CoC Program funding in Palm Beach County and performing to HUD and HHA’s standards.
- Ensure that funded projects meet HUD requirements
