I. EXECUTIVE BRIEF

Motion and Title: **Staff recommends motion to approve:** Amendment No. 11 to the contract with Hedrick Brothers Construction (R2007-1506) in the amount of \$249,063 for construction management services for the South County Tax Collector site improvements project establishing a Guaranteed Maximum Price (GMP).

Amendment No. 11 established a GMP of \$249,063 and 56 calendar days for Summary: The GMP includes the cost of work, the construction manager's fee and a completion. contingency. On April 6, 2010, the Board approved renovating the Tax Collector's facilities at the South County Administrative Complex to accommodate driver license services. That work, which included an expanded parking area, was completed in September, 2010. Subsequent to opening of the driver license services, the Tax Collector's office has received a higher visitation than expected, which has necessitated these revisions in order to increase the safety, traffic flow and convenience of patrons visiting the office. All improvements are within the area currently allocated to the Tax Collector and do not further impact the future redevelopment of the site for a public/private transit oriented development, anchoring the City's vision for the corridor. Plans specifically include modified parking lot traffic circulation, additional handicap spaces as well as fencing to secure the driver's course. The project is funded by the Tax Collector's office. The Small Business Enterprise (SBE) goal for this contract is 15%. Hedrick Brothers Construction's SBE participation for this project is 19%. (Capital Improvements Division) District 7(JM)

Background and Justification: Construction Manager (CM) at Risk is a project delivery method in which the CM provides design phase assistance, evaluation of cost, schedule and implications of alternate designs, systems and materials, and serves as General Contractors issuing the subcontracts for construction. Hedrick Brothers Construction has provided pre-construction services on this project. This Amendment establishes a GMP for the project.

- B. Recommended Sources of Funds/Summary of Fiscal Impact:
- The total cost for these improvements is \$371,000. In addition to the \$249,063 for this work order there is \$38,000 in soft costs, \$40,437 in improvements to be awarded via separate contracts and \$43,500 in contingency. The life of these improvements is unknown due to the uncertainty associated with the start of the redevelopment project. The Tax Collector is aware of this uncertainty and still believes it is important to proceed now.
