(Contract) for an amount not to exceed \$500,000 to contribute to the total cost of construction of the Bonefish Cove Estuarine Habitat Restoration Project (Project) beginning upon Contract execution and expiring June 1, 2025; <b>B) approve</b> a Budget Amendment in the Manatee Protection Fund for \$500,000 to recognize the revenue from the FWC Contract No. 21250; and <b>C) authorize</b> the County Administrator, or designee, to sign all future time extensions, tas assignments, certifications, and other forms associated with the Contract, and any necessar minor amendments that do not substantially change the scope of work, terms, or condition of the Contract. <b>Summary:</b> The Florida legislature allocated funding in FY2021-2022 to restore habitat in
the revenue from the FWC Contract No. 21250; and  C) authorize the County Administrator, or designee, to sign all future time extensions, tas assignments, certifications, and other forms associated with the Contract, and any necessar minor amendments that do not substantially change the scope of work, terms, or condition of the Contract.  Summary: The Florida legislature allocated funding in FY2021-2022 to restore habitat in
assignments, certifications, and other forms associated with the Contract, and any necessar minor amendments that do not substantially change the scope of work, terms, or condition of the Contract.  Summary: The Florida legislature allocated funding in FY2021-2022 to restore habitat in
manatee concentrated areas. The Bonefish Cove Project was selected as a priority project from amongst many viable projects throughout the state. On April 2, 2019, the Board of County Commissioners approved the Lake Worth Lagoon Section 1135 Project (Bonefis Cove) Partnership Agreement (R2019-1177) with the Department of the Army, United State Army Corps of Engineers (ACOE) to implement the Project. This Contract supports the local cost share of the ACOE project by reimbursing the County up to \$500,000 for the cost of excavating, transporting and installing sand to construct the Project. The Contract does not require a match and there is no cost to the County. District 2,7 (SS)
<b>Background and Justification:</b> The Project uses fill excavated from Peanut Island t construct a 40 acre series of mangrove islands, oyster reefs, and associated shallow water fish and wildlife habitat in the Lake Worth Lagoon. Total Project costs are expected to b \$12,358,000. This Contract contributes \$500,000 towards construction costs.
