I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to; **A) Approve** Agreement No 4600004795 with the South Florida Water Management District (SFWMD) in the amount of \$5,000,000 for the Green Cay Wetlands 2 mgd Indirect Potable Reuse Project - Water Purification Treatment Plant, 2.3 miles Reclaimed Water main, and 4 Surficial Aquifer Wells (Project); The agreement is effective as of the date of execution by the Board of County Commissioners and ends March 31, 2026; and **B) Authorize** the County Administrator, or designee, to execute standard grant agreements, amendments, and all other documents necessary of the grant award that do not substantially change the scope of work, terms or conditions of the agreement; and **C) Approve** a \$5,000,000 Budget Amendment in the Water Utilities Department Capital Improvement Fund to establish budget for the grant.

Summary: The SFWMD has allotted \$41.5 million to assist local governments, public and private water providers, and other entities with construction and/or implementation of alternative water supply (AWS) or water conservation through the Cooperative Funding Grant Program. This is a portion of the Palm Beach County Water Utilities Department's (PBCWUD) Green Cay Phase 2 Project. The Project funding will include excavation, clearing, and grubbing of the site locations for the Water Purification Facility (WPF) and the lake at Green Cay Park; construction of foundations for the WPF and the Chemical Containment buildings including pipe trenches and erosion control measures; purchase and installation of water mains, WPF yard piping; and installation of electrical duct bank at the WPF. The objectives of the Project are to produce purified water that will be conveyed to the lakes at the park for recreational use and recharge the aquifer. The Project is included in the PBCWUD FY23 budget. (PBCWUD Project No. 20-036) **The \$5,000,000 grant requires a \$5,000,000 (50%) match which will be funded from a one-time expenditure from Water Utilities user fees, connection fees and balance brought forward.** The agreement contains indemnification and liability provisions that differ from that adopted for use by the County under PPM CW-F-049. In accordance with PPM CW-F-049, Risk Management and the County Attorney's Office have reviewed the language and advised the PBCWUD of the associated risks. Due to business needs and the benefits to be derived from the Agreement, Risk Management and the County Attorney's Office have agreed to allow PBCWUD to move the agreement forward for Board of County Commissioner approval. District 5 (MWJ)

Background and Justification: Governor Ron DeSantis and the Florida Legislature support water supply and water resource development projects through state funding assistance. The SFWMD selected applications for FY23 funding consideration for AWS and water conservation projects to support Florida's continuing efforts to implement cost-effective strategies to conserve its precious water resources while meeting the state's water needs.

This **Agreement** is entered into between “the Parties,” the South Florida Water Management **District**, the “**District**”, and the undersigned party, hereinafter referred to as the “**Recipient**.” The **Recipient** warrants and represents that it has no obligation or indebtedness that would impair its ability to fulfill the terms and conditions of this **Agreement**, and shall abide by all legal, financial and reporting requirements, such as matching funds and final reports for all funding received by the **Recipient** from the **District**.

- 1.2 As part of the deliverables to be provided by the **Recipient** under this **Agreement**, the **Recipient** shall substantiate, in whatever forum reasonably requested by the **District**, any supporting documentation utilized as a basis for payment by the **District**. This paragraph shall survive the expiration or termination of this **Agreement**.
- 1.3 Attached to this **Agreement** are the following exhibits, which are incorporated herein:

ARTICLE 2 – TERM OF THE AGREEMENT

- 2.1 The period of performance of this **Agreement** shall be the dates noted on the first page of this **Agreement**.
- 2.2 The Parties agree that time is of the essence in the performance of each and every obligation under this **Agreement**.

ARTICLE 3 – COMPENSATION / CONSIDERATION

- 3.1 As consideration for the Project required by this **Agreement**, the **District** shall pay the **Recipient** the funding amount as specified on the cover page of this **Agreement**. Such amount is a not-to-exceed the specified amount and therefore, no additional consideration shall be authorized. The **Recipient** shall provide *at least* fifty percent (50%) or more of the Project’s actual construction cost, unless a different amount is authorized pursuant to Section 373.707, Florida Statutes. The **Recipient** acknowledges that the **District** may authorize an amount less than fifty percent (50%); and, if current fiscal year construction costs decrease, the approved funding may be decreased. The approved funding is a percentage, *up to* fifty

percent (50%) based on the estimated current fiscal year project construction cost. Payment will be made by the **District** for work authorized and completed between October 1, 2022 and February 28, 2026. The **District** will not reimburse the **Recipient** for work that commences prior to the start date of the **Agreement** or for work completed after February 28, 2026.

- 3.2 The **Recipient** assumes sole responsibility for all work, which is performed pursuant to Exhibit "A". By providing funding hereunder, the **District** does not make any warranty, guaranty or any representation whatsoever regarding any of the work performed hereunder, including but not limited to, the adequacy or sufficiency of all or any part of work described in Exhibit "A".
- 3.3 The **Recipient** hereby agrees *not* to use **District** funding for any work associated with the research, design and permitting aspects of the Project. **District** funds shall only be used for the construction activities described in Exhibit "A".
- 3.4 The **Recipient** agrees to reimburse the **District** funds provided through this **Agreement** for facilities (i.e. test/production wells, etc.) that do not become an operational component of the overall alternative water supply facility within the timeframe established in the application. Notwithstanding anything in this **Agreement** to the contrary, this paragraph shall remain in full force and effect for twenty (20) years from the date of contract execution.
- 3.5 Notwithstanding any provisions of this **Agreement** to contrary, the **District** reserves the right, without financial or other penalty or obligation, to (1) cancel this contract and/or (2) reduce the amount of funding to be provided by the **District** pursuant to this **Agreement** in the event the **District** does not receive all or any state appropriation for the alternative water supplies program from the State of Florida as provided in the State's 2022-2023 fiscal year budget.

ARTICLE 4 – FUNDING PAYMENTS AND REPORTING

- 4.1 The **Recipient** shall provide a completed Quarterly Status Report attached hereto as Exhibit "C" within ten (10) business days of the following due dates December 31, 2022, March 31, 2023, June 30, 2023, September 30, 2023, December 31, 2023, March 31, 2024, June 30, 2024, September 30, 2024, December 31, 2024, March 31, 2025, June 30, 2025, September 30, 2025, and December 31, 2025. - 4.2 In the event actual construction costs are less than the not-to-exceed amount for a particular task stated in Exhibit "B", the **Recipient** will have the right to apply the unexpended balance toward another task, unless the total current fiscal year construction cost has decreased. The **Recipient** shall provide prior written notice of its decision to exercise this right. If the

Recipient does not exercise this right, the **Recipient** agrees to amend the contract to revise the approved funding consistent with the original percentage to the lower construction cost. In no event, shall the **District's** total obligation exceed the amount specified in Exhibit "B" for this **Agreement**; however, an actual construction cost less than an estimated construction cost may result in a reduced final payment. The **Recipient** is responsible for any additional funds either through local revenues, grants, other appropriations, and/or other funding sources.

- 4.3 The **District** shall make payment to the **Recipient** upon completion and acceptance of the deliverable(s) as described in the "Payment and Deliverable Schedule", and receipt of a fully documented reimbursement request package. The **District** shall be relieved of any and all future obligations hereunder, including but not limited to, lost profits and consequential damages under this **Agreement**. The **District** may withhold all payments to the **Recipient** for such work until such time as the **District** determines the exact amount due to the **Recipient**.
- 6.3 In the event a dispute arises, which the **Project Managers'** cannot resolve between themselves, the Parties shall have the option to submit to non-binding mediation. The mediator or mediators shall be impartial, shall be selected by the Parties, and the cost of the mediation shall be borne equally by the Parties. The mediation process shall be confidential to the extent permitted by law.

6.4 Notwithstanding anything in this **Agreement** to the contrary, the **District** reserves the right to terminate this **Agreement** immediately without notice in the event any of the representations contained in the **Recipient's** project application are found to be false or if the **Recipient** fails to complete the construction activities described in Exhibit "A", Statement of Work.

ARTICLE 7 – RECORDS RETENTION

7.1 The **Recipient** shall maintain records and the **District** shall have inspection and audit rights as follows:

- A. Maintenance of Records. - 8.4 The **Recipient** has obtained, at its sole expense, all necessary licenses, authorizations and permits from the appropriate private party or federal, state, municipal or local agency, and

other governmental approvals, prior to commencing performance of this **Agreement**. A delay in obtaining permits shall not give rise to a claim by the **Recipient** for additional compensation. If the **Recipient** is unable to obtain all necessary permits in a timely manner, either party may elect to terminate this **Agreement**, each party to bear its own costs, notwithstanding other provisions of this **Agreement** to the contrary. The **Recipient** agrees to comply with the terms and conditions of all permits.

- 8.5 The **Recipient** hereby assures that no person shall be excluded on the grounds of race, color, creed, national origin, handicap, age or sex, from participation in, denied the benefits of, or is otherwise subjected to discrimination in any activity under this **Agreement**. - 8.6 The **Recipient** is hereby authorized to contract with third parties (subcontracts) for services awarded through a competitive process required by Florida Statutes. The **Recipient** shall not subcontract, assign, or transfer any other work under this **Agreement** without the prior written consent of the **District's** Project Manager. The **Recipient** agrees to be responsible for the fulfillment of all work elements included in any subcontract and agrees to be responsible for the payment of all monies due under any subcontract. It is understood and agreed by the **Recipient** that the **District** shall not be liable to any subcontractor for any expenses or liabilities incurred under the subcontract(s).
- 8.7 Pursuant to Section 287.133, Florida Statutes, a person or affiliate who has been placed on the convicted vendor list may not submit a bid, proposal, or reply to a request to provide any goods or services related to the construction of the Project contemplated herein. **Recipient** also assures that it is not on the **District's** Suspension of Contractors List. **Recipient** agrees to include a provision to this effect in all requests for proposals and subcontracts related to construction of this Project.
- 8.8 The **Recipient** shall comply with Section 287.135, Florida Statutes. The **Recipient** further understands and accepts that this **Agreement** shall be either void by the **District** or subject to immediate termination by the **District** in the event there is any misrepresentation or false certification on the part of the **Recipient**. - 8.9 This paragraph shall remain in full force and effect for twenty (20) years from the date of contract execution. After construction is completed on the Project, the **Recipient** shall continuously operate the Project as described in the Project application and consistent with the application water use permit(s). In the event the Project is not operated or completed in accordance with these requirements, the **Recipient**, if requested by the **District**, agrees to reimburse the amount of funding the **District** provided to this project. This amount may be prorated based on the number of years the completed project is operated using an assumed project life of 20 years. Furthermore, the **District** may cease funding for this Project and any future Projects proposed by the **Recipient**.

ARTICLE 9 – INDEMNIFICATION

- 9.1 For value received, which is hereby acknowledged, the **Recipient** shall, subject to the limits permitted in Section 768.28, Florida Statutes, defend, indemnify, save, and hold the **District**, its officers, directors, board members, agents, assigns, and employees harmless from liabilities, damages, losses, and costs, including but not limited to reasonable attorney's fees, to the extent caused by the negligence, recklessness or intentionally wrongful conduct of the **Recipient** and other persons employed or utilized by the **Recipient** in the performance of the **Agreement**. The **District** shall have the right to approve counsel selected by the **Recipient** to defend the **District** in the event the **District** is named in any legal action. Pursuant to Section 768.28, Florida Statutes, nothing herein shall require the **Recipient** to be liable for intentional or reckless acts or for actions committed in bad faith or malicious purpose or in a manner exhibiting wanton and willful disregard of human rights, safety, or property. However, nothing contained here shall constitute a waiver by the **Recipient** of its sovereign immunity or the provisions of Section 768.28, Florida Statutes.

The **Recipient** further acknowledges that it is solely responsible for ensuring its compliance and the compliance of its subcontractors, suppliers, agents, assigns, invitees and employees with the terms of this **Agreement**. This paragraph shall survive the expiration or termination of this **Agreement**.

ARTICLE 10 – RELATIONSHIP BETWEEN THE PARTIES

- 10.1 The **Recipient** shall be considered an independent contractor and neither party shall be considered an employee or agent of the other party. Nothing in this **Agreement** shall be interpreted to establish any relationship other than that of an independent contractor between the parties and their respective employees, agents, subcontractors, or assigns during or after the performance of this **Agreement**. Both parties are free to enter into contracts with other parties for similar services.
- 10.2 The **Recipient** shall not assign, delegate or otherwise transfer its rights and obligations as set forth in this **Agreement** without the prior written consent of the **District**. Any attempted assignment in violation of this provision shall be null and void.
- 10.3 It is the intent and understanding of the Parties that this **Agreement** is solely for the benefit of the **Recipient** and the **District**. No person or entity other than the **Recipient** or the **District** shall have any rights or privileges under this **Agreement** in any capacity whatsoever, either as third-party beneficiary or otherwise.

ARTICLE 11 – GENERAL PROVISIONS

Failure to perform shall be excused during the continuance of such circumstances, but this **Agreement** shall otherwise remain in effect. This provision shall not apply if the Statement of Work, Exhibit "A" of this **Agreement** specifies that

performance by the **Recipient** is specifically required during the occurrence of any of the events herein mentioned.

- 11.2 Any inconsistency in this **Agreement** shall be resolved by giving precedence in the following order:

 - (b) Exhibit "A" Statement of Work

STATEMENT OF WORK

Green Cay Wetlands 2 mgd Indirect Potable Reuse Project - water purification treatment plant, 2.3 miles reclaimed water main, and 4 surficial aquifer wells

Palm Beach County Water Utilities Department

A. INTRODUCTION/BACKGROUND

Palm Beach County Water Utilities Department (PBCWUD or Recipient) is a county-owned utility governed by the Palm Beach County Board of County Commissioners (BCC). The utility provides potable water, wastewater, and reclaimed water services to approximately 600,000 residents located mostly within roughly 1,300 square miles of unincorporated Palm Beach County. Additionally, PBCWUD also provides water and sewer services for the cities of Belle Glade, Pahokee and South Bay. As the third largest Utility in the state of Florida, PBCWUD provides bulk water services to several municipalities and private utilities including the City of Atlantis, Seacoast Utility Authority, the Town of Lake Clark Shores, and the Seminole Improvement District.

The Southern Region Water Reclamation Facility (SRWRF) has a treatment capacity of 35 million gallons per day (MGD) of wastewater and can produce up to 22 MGD of reclaimed water. This reclaimed water is primarily used for irrigation via delivery to multiple stormwater retention lakes in the region or through direct connection. Additionally, reclaimed water is provided to two constructed wetlands: the 75-acre, 3.0 MGD capacity Green Cay Wetlands and the 50-acre, 2.0 MGD capacity Wakodahatchee Wetlands. Secondary treated effluent and reclaimed water which do not meet reuse standards are disposed of via deep injection wells.

PBCWUD will construct a Water Purification Facility (WPF) to treat reclaimed water from its Southern Region Water Reclamation Facility (SFWRF) to produce purified water, adding a new water source to the water supply of Palm Beach County without additional water withdrawals. The purified water will be conveyed to the recreational lakes at the proposed public access Green Cay Park (Park) and recharge the aquifer for indirect potable reuse for up to four (4) new surficial aquifer production wells servicing PBCWUD's nearby Water Treatment Plant No.3 (WTP 3). A state-of-the-art public educational/learning center will be constructed adjacent to the WPF to promote public awareness of water, water resources and highlight water as a vital resource. The recreational components and the educational/learning center costs will not be considered for cost reimbursement. This indirect potable reuse project would be the first of its kind in the state of Florida, will maintain the lakes at Green Cay Park for recreational use and will provide purified water to recharge the aquifer.

B. OBJECTIVES

The objectives are to recharge the aquifer for indirect potable reuse and to reduce the amount of water disposed of via deep injection wells.

C. SCOPE OF WORK

This phase of work will include excavation, clearing, and grubbing of the site locations for the WPF and the Lake; purchase and installation of approximately 3,900 linear feet of yard piping, all associated fittings, valves, and appurtenance and all underground conduit and ductbank for the electrical work; construct foundations for the WRF and the Chemical Containment buildings including pipe trenches and erosion

control measures; purchase and install approximately 6,400 linear feet of 10 to 30-inch raw water main via horizontal directional drill and open cut; and purchase and installation of 1,200 linear feet of purified water main to the lake site via horizontal directional drill and open cut.

The excavation, clearing, and grubbing of the lake and park site are eligible for up to 50% cost consideration toward the alternative water supply project.

Attachment 1

Documentation Required for all Agreement Payments

Listed below are the minimum requirements for documentation to support invoice payment requests. Additional requirements may be in effect for this contract depending on the source of funds for this work.

Government entities performing work must maintain accurate books, records, documents and other evidence that sufficiently and properly support all direct and indirect costs expended in the performance of the contract or agreement. The entity shall allow the District, Federal, State, or other parties providing contract funding, access to periodically inspect, review or audit such documents as books, vouchers, records, reports, canceled checks, payroll registers or any and all similar material as deemed necessary. These records shall be maintained for five years following the close of the contract or agreement.

Project deliverables and services performed by the entity should be in a proper and satisfactory manner as described in the Statement of Work. Only expenditures for goods, services and other deliverables falling within the categories agreed to pursuant to the Statement of Work and approved contract budget should be paid. All costs should be reasonable, appropriate, necessary, valid and eligible. Expenditures should be made in accordance with applicable laws, rules and regulations and complete (transactions are documented and all funds are accounted for).

Expenditures for periods prior to the current billing period will only be approved if supported by adequate documentation along with a written explanation as to why the expense was not submitted during the correct billing period.

Expenditures for work performed prior to the execution of an agreement are not allowable unless specifically provided for in the agreement.

Invoices for fixed unit rate contracts must show the number of service units being billed, the cost per unit, and be in agreement with contract terms and conditions.

In detail, invoices and the documentation accompanying invoices for services under contracts which are not fixed price must include the following:

1. The beginning and end date of the work period being invoiced should be specified on all entity invoices. The invoice date and the date of services and deliverables provided should not precede the date that an agreement was executed unless specifically provided for in the agreement. Similarly, the end date of contracts and related agreements should not be exceeded in terms of invoice dates, services, etc. without the execution of a contract amendment. Deliverables should be specifically quantifiable, measurable, and verifiable. The completion of all tasks/services included in the Statement of Work should be required to meet all deliverables prior to approval for final payment.
2. Detailed description of material purchased, work completed, and/or service performed, in direct relation to each project or project component, along with project name or number should be provided.
3. Supporting documentation for each invoice should be complete, mathematically accurate, sufficient in detail, and verifiable.

Attachment 1
Documentation Required for all Agreement Payments

- a. The invoicing of labor costs, if applicable, should be accompanied by documentation supporting the pay rate and the employees' job title along with approved timesheets covering the period of service. Pay rates and job titles must agree to rates and job titles specified in the contract. Summary schedules should be supported by detailed records totaling the amounts on the summary schedule. The entity must maintain and provide upon request the relevant payroll register pages covering the period of service.
- b. If the agreement specifies that indirect costs may be charged based on a specified rate, then the calculation must be provided. In the absence of this indirect costs will not be allowable.
- c. Purchases or rental of commodities such as materials, equipment, tools, etc., should be accompanied by an invoice or receipt from the supplier that describes what was purchased, the date of purchase, the number of units, and the cost per unit. Purchases should be allowable per the agreement, directly related to the Statement of Work, reasonable and within the agreement period.
- d. Invoices for services provided should be in sufficient detail as to determine 1) what was provided (to determine how it relates to the overall contract); 2) when the services were provided (to determine whether the amounts being billed pertain to the correct period); 3) the unit price and total cost of what was provided (to determine whether it's reasonable given the task performed); and 4) minimum performance standards were achieved in accordance with contract requirements and expectations.
- e. If the agreement allows for the separate billing of travel costs such costs must comply with the District's travel policy which includes the submission of a completed District provided *Travel Expense Reimbursement* form along with documentation of all travel expense items listed on the form. If the District's form is not used, the form must contain the same information as provided in the District's form.
- f. Vehicle and/or equipment allowance and usage charges should be reported in detail by number of hours used and dates of use. Entities or its subcontractors must maintain documentation by use of a log that shows the vehicle/equipment description, the location where the item was in use, if a vehicle it should show the beginning and ending odometer readings along with total mileage and if a piece of equipment it should show the beginning and ending times that the equipment was in use for and who the operators were. A copy of the log for the applicable time frame must be submitted with the invoice package.
