**I. EXECUTIVE BRIEF**

**Motion and Title:** Staff recommends motion to approve:

- (A) an amendment to the Infrastructure Surtax (IST) Project Plan approved by the Board of County Commissioners (BCC) on April 4, 2017, as amended on January 4, 2022, to increase the budget for the Summit Boulevard and Haverhill Road Signal project (Project) from \$550,000 to \$700,000; and
- (B) a budget transfer of \$150,000 within the IST Fund from the Engineering and Public Works (EPW) Department's IST Reserves to increase the budget for the Project.

**SUMMARY:** Approval of the amendment and budget transfer will increase the funding for the Project from \$550,000 to \$700,000. The IST Project Plan currently funds the Project at \$550,000 in FY 2022 and FY 2023 to replace the existing span wire signal with a mast arm signal. The design was recently completed and the estimate updated. The request for additional funding is due to escalating construction costs. The \$150,000 will be transferred from EPW's IST Reserve account. Approximately 100 projects from the original IST list remain to be completed. The Sales Tax Oversight Committee reviewed this request at their May 16, 2024 meeting and approved it unanimously. **This project is funded by the infrastructure sales tax. District 3 (YBH)**

**Background and Justification:** On November 8, 2016, the voters of Palm Beach County approved a one-penny infrastructure surtax for collections beginning January 1, 2017 and continuing for 10 years or until \$2.7 billion in proceeds are collected before September 1<sup>st</sup> of any year. Also included was the creation of an oversight committee to audit spending on approved projects for compliance with the following allocations: 50% to the School District, 30% to the County and 20% to the Municipalities. The proceeds of the tax will finance the renewal and replacement of existing capital investments, including roadway surfaces, signals, bridges, drainage improvements, canals, park amenities, government buildings, and projects to maintain levels of service; all of which were deferred during the recession and remain outstanding. A complete list of IST projects (including the Project) along with their associated budgets and funding schedules was approved by the BCC on April 4, 2017 and amended on January 4, 2022. The BCC's approval of this amendment and budget transfer will allow EPW to proceed with this Project.
