I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: the Fiscal Year 2025 sidewalk program.

SUMMARY: Approval of the program will allow for the scheduling and construction of the proposed projects that have been compiled in response to requests and input from the Palm Beach County (County) Office of Community Revitalization, Palm Tran, Municipalities, the Palm Beach County Sheriff's Office, the School District of Palm Beach County, and residents of the County. The proposed projects include nine (9) new construction projects and six (6) major maintenance projects. The total program cost is \$1,500,000 and is allocated among the following categories:

Major Maintenance	\$500,000
Non-School Related (New Construction)	\$837,340
School Related (New Construction)	\$30,400
Minor Maintenance & Support	\$132,260
Total	\$1,500,000

The sidewalk program supports areas without sidewalks that are not covered by our 5-Year Road Program, as some 5-Year Road Program major improvement projects do include sidewalk enhancements. The proposed list of projects for the program was previously sent to the Board of County Commissioners (BCC) for preliminary review by interoffice memorandum on November 21, 2024. Countywide (YBH)

Background and Justification: The purpose of the program is to provide a system of safe pedestrian sidewalks within the County. The Engineering and Public Works Department recommends BCC approval.
