What service will your organization provide through the use of Law Enforcement Trust Funds?

- Crime Prevention Program
- Drug Abuse Education
- Drug Prevention Program
- Drug Treatment Program
- Safe Neighborhood
- School Resource Officers

Organization Purpose:

To identify and fund projects assisting at risk children and their families in Palm Beach County.

Provide a brief summary of program's activities/services to be funded:

Boca West Children's Foundation addresses many of the most fundamental needs of our communities most vulnerable children - a safe place to live and sleep , nutritional assistance, medical and mental health services, to name a few. However, our Board also recognizes it is important to these children to offer a sense of normalcy in an otherwise turbulent life . To that end , each year, we have made it our mission to create a holiday celebration for our children . One day of celebration is specifically designed for the children from 6 years to 12 years old who are part of the Boys and Girls Clubs of Palm Beach County. In addition to a holiday brunch, new clothes, holiday gifts and harvest baskets, the children are taught a lesson of safety from a member of law enforcement.

What results are you committed to achieving?

An empowered child grows up to be a powerful , healthy adult. The only efficient way to stop cycles of abuse, teach resiliency to kids with adverse childhood experiences, and protect children from trafficking is through prevention education . Hundreds of under-served children will no only leave empowered but also be part of the Holiday Spirit and depart with thoughts of opportunity and hope for their future.

What service will your organization provide through the use of Law Enforcement Trust Funds?

- Crime Prevention Program
- Drug Abuse Education
- Drug Prevention Program
- Drug Treatment Program
- Safe Neighborhood
- School Resource Officers

Organization Purpose:

Give under-served children and families equal opportunities to succeed in school, work, and in life, to grow into successful adults and be positive contributions to our community

Provide a brief summary of program's activities/services to be funded:

Out-of-School Time (OST) program for 350 school-age students year-round after school, non-school days, holidays & summer camp. Students are picked up from 12 area schools and stay until 5:30pm; 7:30a-5:30p on full days. They receive snacks, socialization, homework support, individualized/small group activities, tutoring and dinner; plus, use of Chromebooks and supplies needed to complete homework and projects. Free, therapeutic interventions are provided on campus by 50+ partner providers seamlessly integrated into our programming. After homework, we offer Space and technology-focused enrichment to ensure kids have access to high tech skills, and eventually, high paying jobs. The curriculum emphasizes social and emotional learning, life skills, daily fitness with indoor/outdoor sports, service-learning component, and the arts- music, dance, visual arts & drama.

What results are you committed to achieving?

Our program prevents crime, giving at-risk youth structured activities, addressing an urgent need. Last year, the Wayne Barton Study Center, across the street from Fuller East shut its doors after 20 years, leaving hundreds of youth from low-income at-risk homes nowhere to go once school is out. Studies show juvenile crime spikes 2 to 6pm- between school dismissal and parents' arrival from work. OST programs reduce unsupervised time, lower dropout rates, reduce addictive & criminal behavior, and reduce low-income achievement gaps. Children involved in extracurriculars are 400% more likely to go to college than kids who aren't. But, youth from under-resourced homes are 3X less likely to attend OST programs. Students who dropout are 63X more likely to be incarcerated than college grads. Dropout rates are highest for Black (31 %) & Hispanic (33%) students.

What service will your organization provide through the use of Law Enforcement Trust Funds?

- Crime Prevention Program
- Drug Abuse Education
- Drug Prevention Program
- Drug Treatment Program
- Safe Neighborhood
- School Resource Officers

Organization Purpose:

The Palm Beach County Police Athletic League (PAL) builds partnerships between youth, law enforcement, and the community through recreational and educational programs designed to encourage, enhance, and develop good citizenship improving the quality of life in Palm Beach County.

Provide a brief summary of program's activities/services to be funded:

Monies will be used to fund a tutoring program for the youth at our four PAL Sites: Cabana Colony, Westgate, Lake Worth, and San Castle. PAL recruits teachers from the Palm Beach County School District to tutor our youth that are academically behind in math, reading, and science. The tutors come in 4 days a week, Monday through Thursday, 3 hours each day for 32 weeks of the school year. Each site has at least two tutors working with the youth individually offering assistance. PAL pays them a stipend for their time, \$35/hr and issues a 10-99 at the end of each year. An increase in the hourly wage is due to the school district paying this amount and we need to pay the same wage in order to employ the teachers of the school district for tutoring..

What results are you committed to achieving?

The goal of our PAL tutoring program is to provide academic services to the under-served youth assisting them academically to become better students through the efforts of the tutors thus improving their grades.

LETF Funding Request (MUST match total on Financial Application): \$25,000.00

What service will your organization provide through the use of Law Enforcement Trust Funds?

- Crime Prevention Program
- Drug Abuse Education
- Drug Prevention Program
- Drug Treatment Program
- Safe Neighborhood
- School Resource Officers

Organization Purpose:

The mission of the Wounded Veterans Relief Fund (WVRF) is to provide urgent financial assistance and critical dental care to wounded and eligible disabled veterans in Florida.

Provide a brief summary of program's activities/services to be funded:

If approved, this funding will serve disabled veterans (disability determined by the VA) and their families by providing urgent financial assistance in the areas of housing, transportation, and other essentials in the Palm Beach VAMC area. Although many veterans qualify for financial aid from the VA, federal financial disability aid can take a long time to process, compounding the financial and emotional stress experienced by veterans and their families. Veterans experiencing financial crisis, and who have received a VA disability rating, are referred to WVRF by case managers at the VA facility. Once a veteran referral is received and processed, WVRF intervenes and provides urgent financial relief within 48-72 hours by distributing payment directly to the creditor (e.g., paying the landlord directly).

What results are you committed to achieving?

Wounded Veterans Relief Fund (WVRF) exists to offer relief to qualified disabled veterans who are experiencing urgent situations that require immediate intervention, offering immediate solutions to avoid crises such as homelessness or job loss. The most pressing need among veterans and families is housing assistance. Organizational records show that 82% of the veterans assisted do not seek additional funding and are self-sufficient moving forward. Veterans often face unique challenges when transitioning back to civilian life. Physical and mental health, a stable living situation, as well as financial stability and employment are important concerns for many disabled veterans and their families. As a veteran-led organization, WVRF has created programs that focus on meeting critical needs that have an immediate impact on the stability of veterans and families.

What service will your organization provide through the use of Law Enforcement Trust Funds?

- Crime Prevention Program
- Drug Abuse Education
- Drug Prevention Program
- Drug Treatment Program
- Safe Neighborhood
- School Resource Officers

Organization Purpose:

For 52 years, the YMCA of South Palm Beach County has worked to strengthen our community by connecting people of all ages and backgrounds to their potential, purpose and each other. We provide programs that empower young people, increase health and well-being, and inspire action in our community.

Provide a brief summary of program's activities/services to be funded:

The Y will host Teen Summits on March 29 and November 8, 2025, for at-risk youth ages 13-17. At the Summits, Y staff guide 100 teens through a curriculum including training, volunteering, fun, and fellowship. Activities focus on self-improvement, wellness, college/career readiness, and workforce and leadership development, and on building positive relationships with law enforcement to deter and reduce crime, drug use, and gun violence. Teens learn the importance of health, ways to manage stress, avoid risky behaviors, and remain drug free. The Palm Beach County Sheriff's Office is invited to present crime and drug prevention education, and to work alongside teens on a community service project. This grant provides funding for these vital and transformative events.

What results are you committed to achieving?

To reduce crime rates and foster positive relationships between teens and law enforcement. A focus on college/career readiness, workforce and leadership development, and the importance of health and physical activity prepare teens for future success.

1. 100% of teens will complete at least one class in financial literacy, fitness, leadership style, job readiness workshop, and the importance of health and being physically active.
2. 100% of teens receive education on crime and drug use consequences, and are asked to take a pledge to remain drug-free.
3. 100% of teens earn volunteer hours towards mandated requirements for high school graduation, by working alongside Deputies on a community service project.
